

**Service for obtaining the official exchange rate of the hryvnia
against foreign currencies and SDRs and the accounting price of
investment metals from the primary source
at the time of signing**

Entry point

GET XML:

https://bank.gov.ua/NBU_Exchange/exchange?date=dd.mm.yyyy

Result: up-to-date data on the official exchange rate of the hryvnia against foreign currencies and SDRs and the accounting price of investment metals on the selected date in the format of daily file #99. The API allows you to obtain information about officially established exchange rates on a specified date. If the date parameter is missing, the current exchange rates as of the current date will be obtained.
