Preliminary actions, contractual relationships

PRIMARY MARKET

- Check with your global custodian with whom from the list of MinFin's primary dealers it has contractual relationship (opened securities nominee account and cash account)
- Ask your global custodian to open a subaccount (and make all related actions) for operations with Ukrainian government bonds
- Contact the selected primary dealer on the transactions' details. Prior transaction a contractual relationship with the primary broker might be required, AML/KYC required
- Settle the deal. At this stage two scenarios are possible:
 - to buy securities from the primary dealer after the auction: primary dealer buys securities at the auction and then sells them to nominee's client, terms of the deal are defined in the relevant contract with the primary broker

to buy securities at the auction straight from the issuer: primary dealer buys securities at the auction on behalf of nominee's client. Government bonds are credited to nominee's account. Primary dealer has a right to debit securities from nominee's securities account in case nominee's client fails to pay for securities in time. Terms of the deal and specifically cash settlement are defined in the relevant contract with the primary broker

Preliminary actions, contractual relationships

SECONDARY MARKET

- nominee account and cash account
- government bonds
- Conclude an agreement with a local or international broker (AML/KYC required):
 - brokerage agreement or a SPA directly with the local broker (in this agreement it should be noticed that you will be using the nominee account as your securities account)
- Settle the deal. Settlement is performed FOP, a counterparty might be a Ukrainian bank or non-resident only

Check with your global custodian with whom from the list of Ukrainian licensed brokers it has opened securities

Ask your global custodian to open a subaccount (and make all related actions) for operations with Ukrainian

 brokerage agreement concluded by nominee on behalf of its client
