The following persons cannot be members of the NBU Board: representatives or members of the Cabinet of Ministers of Ukraine, (former) heads or deputy heads of public authorities and other government bodies, (if they left office less than a year ago); or public servants; or those authorized to perform the state's functions or local authorities' functions; heads (deputy heads) or employees of state-owned enterprises, institutions or organizations, except for higher education establishments (scientific institution); or leaders of political parties or members of management bodies of political parties; or members of supervisory or management boards, or employees of legal entities subject to the NBU's regulation and supervision, or persons that are parties to employment relations or performing activities (works) or provide services under an agreement or as volunteers to such a legal entity or provide services under civil law contract to such a legal entity, or are direct or indirect shareholders (stakeholders) in such a legal entity subject to the NBU's regulation and supervision.

7e. What are the election procedures?

Current information is available in Section III (Organisation and Structure of the NBU) of the Law of Ukraine 'On the National Bank of Ukraine'.

The NBU Board is a joint body consisting of seven members: the NBU Governor, the first deputy governor, and deputy governors. The NBU Governor shall be nominated by the President of Ukraine and appointed by the Verkhovna Rada of Ukraine for the period of seven years. The NBU Governor cannot serve more than two consecutive terms. All NBU deputy governors are appointed and dismissed by the NBU Council at the suggestion of the NBU Governor. NBU deputy governors shall be appointed for seven years. The NBU deputy governors should be appointed and dismissed in a way to ensure the NBU Board quorum at all times, as set forth in Article 17, part 3 of this Law. NBU deputy governors cannot serve more than two consecutive terms.

7f. What is the maximum length of time a board member can serve?

The NBU Governor shall be nominated by the President of Ukraine and appointed by the Verkhovna Rada of Ukraine for the period of seven years. The NBU Governor cannot serve more than two consecutive terms. All NBU deputy governors are appointed and dismissed by the NBU Council at the suggestion of the NBU Governor. NBU deputy governors shall be appointed for seven years. The NBU deputy governors should be appointed and dismissed in a way to ensure the NBU Board quorum at all times, as set forth in Article 17, part 3 of this Law. NBU deputy governors cannot serve more than two consecutive terms.

7g. How are the voting powers distributed amongst the board members (i.e. does each board member have one vote or do certain members have additional voting power)?

NBU board decisions are taken by a simple majority vote. Each board member has one vote. When the votes are equally divided, the NBU Governor may cast the deciding vote. Four Board members constitute a quorum.

7h. Who is responsible for regulating the board members?

Current information is available in Sections II-III, IX of the Law of Ukraine 'On the National Bank of Ukraine'.

The NBU Council shall assess the NBU Board progress in implementation of the Monetary Policy Guidelines and in other areas where decisions are binding for the NBU Board; make recommendations to the NBU Board on:

SETTLEMENTS

The purpose of this section is to identify the model of settlement employed, the relationship between cash and securities, and the basis on which participants meet their obligations.

48. The Committee on Payment and Settlement Systems of the Bank for International Settlements (BIS) has identified three common structural approaches or models for linking delivery and payment in a securities settlement system. Please indicate which model your procedures most closely resemble (Please refer to details on the models within the "Help" section located below this question): (Choose all that apply.)

- Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. (please answer 48a)
 Model 2 - Gross Settlements of Securities Transfers Followed by Net Settlement of Funds Transfers. (please answer 48a)
 Model 3 - Simultaneous Net Settlement of Securities and Funds Transfers. (please answer 48a)
 Not applicable
 Other (please answer 48b)

48a. Please briefly describe your settlement process, including how your settlement procedures may vary from the model chosen above (and as described below in the Help section)?

The Settlement Center performs settlement of on-exchange and OTC securities transactions based on DVP Model 1 and Model 3.

RVP Model 1 settlement is performed by the NBU Depository on the OTC market. On the primary market NBU Depository performs gross securities settlements and net cash payments.

Question 48 Help:

Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds simultaneously on a trade-by-trade (gross) basis, with final (irrevocable and unconditional) transfer of securities from the seller to the buyer (delivery) occurring at the same time as final transfer of funds from the buyer to the seller (payment). The securities settlement system maintains securities accounts and funds accounts for participants. Transfer of securities and cash are made by bookentry.

Model 2 - Gross Settlements of Securities Transfers Followed by Net Settlement of Funds Transfers. These systems settle securities transfer instructions on a trade-for-trade (gross) basis, with final transfer of securities from the seller to the buyer (delivery) occurring throughout the processing cycle, but settle funds transfer instruction on a net basis, with final transfer of funds from the buyer to the seller (payment) occurring at the end of the processing cycle.

The securities settlement system maintains securities accounts for participants, but funds accounts are usually held by another entity (often a commercial bank or the central bank). Securities are transferred by book-entry, such transfer being final at the instant the entries are made on the securities settlement system's books. The corresponding funds transfers are irrevocable, but not final. During the processing cycle, the system calculates running balances of funds debits and credits, the balance being settled at the end of the processing cycle when the net debit and net credit positions are posted on the books of the commercial bank or central bank that maintains the funds accounts. Settlement of funds accounts may occur once a day or several times a day.

Model 3 - Simultaneous Net Settlement of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds on a net basis, with final transfer of both occurring at the end of the processing cycle. Settlement may occur once a day or several

times a day. The securities settlement system maintains securities accounts for participants. Funds accounts may be maintained by another entity, either a commercial bank or the central bank.

During a processing cycle, running balances of debits and credits to funds and securities accounts are calculated. All funds and securities transfers are provisional until the end of the processing cycle, at which time book-entry transfer of securities take place. If and only if all participants have sufficient balances of funds and securities, final transfers of the net securities balances and net funds balances are executed.

49. Are the cash and security movements simultaneous?

- Yes
- No (please answer 49a)
- Not applicable
- Other (please answer 49c)

49c. If other, please explain:

On the primary market (upon government bonds auctions) cash and securities movements are not simultaneous as cash is received from participants on the day following the auction results.

- No
- Yes (please answer 66v)
- Not applicable
- Other (please answer 66w)

66v. Please explain how this is accomplished. What are the procedures and safeguards that permit the depository to guaranty settlement?

The NBU Depository guarantees settlement in cases when a cash leg of a securities transaction is executed through the NBU's payment system. The Depository provides RVP OTC settlement on the primary and secondary markets. Once instructions of the participants are matched, the Depository transfers securities to the buyer's account and blocks them. The Depository then sends a message to the bank that services the seller with the information on the transaction. The bank transfers the sum outstanding and sends the respective information back to the Depository. Once the Depository has received information on the funds transfer, it releases the securities. If the buyer has failed to pay, the securities are transferred back to the seller's account. The RVP settlement cycle is executed intraday.

The Depository also guarantees settlement of a securities leg in the DVP transactions, the cash leg is guaranteed by the Settlement Centre.

No

CYBER SECURITY

101. Does your organization have a documented cybersecurity policy in place? If so, please provide a copy or overview.

Yes

No

Comments:

There is an IT security policy in NBU and a number of issue related polices (incident management, IT resources access, cryptographic protection). The internal team conducts regular vulnerability management that envisages periodical scanning of all IT resources aimed at discovering vulnerabilities, weak configurations, and provision of recommendations to eliminate thereof. Regular external audit is conducted, which poses a stringent requirement to technical support team to have the respective ethical hackers certificates (EC-Council, Offensive Security etc). There is a Computer Security Incident Response Team in NBU (CSIRT-NBU), which provides continuous search and analysis of cyberthreats (vulnerability management, exploits testing, investigations of malicious code examples, attacks analysis, drafting of recommendations, etc). NBU IT specialists take regular skill improvement trainings related to cybersecurity including ethical hacking.

102. Please confirm that your staff receive relevant training about this policy:
