

**Amount of the systemic importance buffer depends
on the systemic importance indicator**

Category of systemically important bank	Systemic importance indicator defined at the first stage, basis points	Size of the systemic importance buffer, %
Category 1	Less than 500	1.0
Category 2	At least 500 but less than 1,500	1.5
Category 3	At least 1,500	2.0

The size of the buffer for a bank that was identified as systemically important at the second stage is 1%.
